SUMMARY

I am an undergraduate student at the Sri Lanka Institute of Information Technology (SLIIT), pursuing a degree in Information Technology. A results-driven individual with strong programming and problem-solving skills, I focus on both UI/UX design and full-stack development. Passionate about crafting intuitive and visually engaging digital experiences. I adapt quickly, work well in teams, and am eager to learn. Currently seeking an internship as a UI/UX Designer and Developer to apply my skills and gain real-world experience.

EDUCATION

Jaffna Hindu College

BSc (Hons) in Information Technology

Sri Lanka Institute of Information Technology (SLIIT) — Faculty of Computing

Currently reading / Expected graduation: 2027

PROJECTS

Online Vehicle Rental System Web based Development	May 2024
Technologies : HTML , CSS , Java Script , PHP and MySQL	
Online Vehicle Rental System Web based Development	Nov 2024
Technologies : Java , JSP Servlet , HTML , CSS and Bootstrap , Java Script
